<u>Cellgevity</u>	<u>Drinkade</u>	<u>Resqwater</u>
\$1.33/serving	\$4.22/3.4 Fl Oz	\$4.25/8 Fl Oz
2 capsules	1 drink	1 drink
<p><u>Riboceine*</u> A proprietary scientific breakthrough supplement for the ultimate in glutathione (GSH) enhancement, 300% more effective than NAC with no side effects.</p> <p>Science Second to None Senior Editor of the Journal of Medicinal Chemistry leading 9 PhD's & 5 collaborations.</p> <p>Glutathione (GSH) is the body's primary detoxification pathway: Toxic Impact of Glutathione (GSH) Depletion</p>	<p><u>N-Acetyl-L-Cysteine</u> A precursor for glutathione enhancement but Riboceine is 300% more effective without the side effects.</p>	<p><u>N-Acetylcysteine</u> A precursor for glutathione enhancement but Riboceine is 300% more effective without the side effects.</p>
<p><u>Milk Thistle Extract (Silybum Marianum)</u> A powerful antioxidant used to support a healthy liver by supporting the removal of harmful toxins and heavy metals that are stored in the liver.</p>	<p><u>Milk Thistle Extract (Silybum Marianum)</u> A powerful antioxidant used to support a healthy liver by supporting the removal of harmful toxins and heavy metals that are stored in the liver.</p>	<p><u>Milk Thistle Extract (Silybum Marianum)</u> A powerful antioxidant used to support a healthy liver by supporting the removal of harmful toxins and heavy metals that are stored in the liver.</p>
<p><u>Selenium</u> (Selenomethionine) – the essential catalytic component of the enzyme glutathione peroxidase (GPx) and is absolutely required for its function. The glutathione peroxidase enzyme is responsible for the detoxification of lipid peroxides, and glutathione is an absolutely required co-factor for this enzyme.</p>		

<p><u>Aloe Leaf</u> A nopal known to support the immune system and has antioxidant properties.</p>	<p><u>Aloe Vera Extract</u> A nopal known to support the immune system and has antioxidant properties.</p>	
<p><u>Vitamin C</u> An exogenous antioxidant that is considered a network antioxidant and known to support the immune system.</p>	<p><u>Citric Acid</u> Additive used for flavoring & as a natural food preservative.</p>	<p><u>Vitamin C</u> An exogenous antioxidant that is considered a network antioxidant and known to support the immune system.</p>
<p><u>Curcumin</u> An antioxidant that fights free radicals and induces phase II enzymes that support the glutathione (GSH) detoxification pathway.</p>		
<p><u>Bioperine</u> Has been shown to assist in the absorption of Selenomethionine, Vitamin C, and Curcumin.</p>		
<p><u>Cordyceps</u> Has been used as a Chinese medicine for centuries and has been studied for its activity in restoring energy, increasing stamina, promoting longevity and improving quality of life.</p>		
<p><u>Resveratrol</u> An antioxidant known to have cardio-protective properties- The French Paradox.</p>		
<p><u>Alpha Lipoic Acid</u> A powerful endogenous antioxidant known to combat various forms of oxidative stress and to recycle other antioxidants. Together with glutathione (GSH), they protect the fat and water portions of the cells from different types of free radicals.</p>		
<p><u>Grape Seed Extract</u> Helps with poor circulation and high cholesterol. Grape seed proanthocyanidins support antioxidant activity.</p>		
<p><u>Quercetin</u> A supporting flavonoid antioxidant that scavenges free radicals that can damage cells.</p>		

<p><u>Broccoli Seed Extract</u> (SGS-brand) – protects against DNA damaging electrophiles and helps cells neutralize toxins and carcinogens so they are eliminated from cells. It helps to induce the antioxidant enzymes used in phase II detoxification to boost antioxidant activity for as much as three days</p>		
	<p><u>L-glutamine</u> The most abundant of 20 other proteinogenic amino acids used in the biosynthesis of proteins.</p>	
	<p><u>Phenylalanine</u> It is an essential amino acid which a precursor for tyrosine, the monoamine neurotransmitters dopamine, norepinephrine (noradrenaline), and epinephrine (adrenaline), and the skin pigment melanin.</p>	
<p><u>Green Tea Extract (Camellia sinensis)</u> Provided by <u>MaxNFuze</u></p>	<p><u>Decaffeinated Green Tea Extract</u> It is rich in antioxidants called catechins.</p>	
	<p><u>Eleuthero Root Extract</u> It has a tradition in traditional Chinese medicine for having health benefits but there is no medical evidence to support those claims.</p>	
	<p><u>Rodeola Rosea Root Extract</u> It is used for many conditions, but so far, there isn't enough scientific evidence to determine whether it is effective for any of them... WebMD.com</p>	
	<p><u>Gotu Kola</u> There is no good scientific evidence to support the uses for gotu kola & there is concern that it may cause liver damage...WebMD.com</p>	
<p><u>Vitamins A, B, C, D, E</u> Provided by <u>MaxNFuze</u></p>	<p><u>B Vitamins</u> A group of essential water soluble vitamins that play an important role in cell metabolism.</p>	<p><u>B Vitamins</u> A group of essential water soluble vitamins that play an important role in cell metabolism.</p>
<p><u>Electrolytes</u> Provided by <u>MaxNFuze</u></p>	<p><u>Electrolytes</u> Chemicals that conduct electricity when mixed with water.</p>	<p><u>Electrolytes</u> Chemicals that conduct electricity when mixed with water.</p>
		<p><u>Sucrose</u> It is common sugar.</p>

		<p><u>Prickly Pear Extract</u> Taking prickly pear cactus extract before drinking alcohol might reduce some symptoms of hangover the next day. It seems to reduce symptoms such as nausea, anorexia, and dry mouth. However, it does not seem to reduce symptoms such as headache, dizziness, diarrhea, or soreness...WebMD.com</p>
<p><u>Water</u> Mixed with <u>MaxNFuze</u></p>		<p><u>Water</u> Primary fluid in humans.</p>
 <p>The logo is a gold seal with a circular border. Inside the seal, it says 'THE GOLD STANDARD' at the top, 'BSCG' in large letters in the center, and 'WWW.BSCG.COM' at the bottom. Below the seal, it says 'CERTIFIED DRUG FREE'.</p>		
<p>*Made in the USA *Bioavailable *No Animal Products *Gluten Free *Melamine Free</p>
